Conflict of Interest

The Investment manager earns a portion of the service charge and performance fees where applicable.

In some instances portfolios invest in other portfolios which forms part of the BCI Schemes, refer to fact sheets for more details.

Collective Investment Schemes in Securities (CIS) are generally medium to long term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. CIS are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees and charges and maximum commissions is available on request from the company/scheme. Commission and incentives may be paid and if so, would be included in the overall costs. Forward pricing is used. For Money Market Funds a constant price will be maintained. While a constant price is maintained the investment capital is not guaranteed. A fund of funds is a portfolio that invests in portfolios of collective investment schemes, which levy their own charges, which could result in a higher fee structure for these portfolios. A feeder fund is a portfolio that invests in a single portfolio of collective investment schemes, which levies its own charges and which could result in a higher fee structure for the feeder fund. Income funds derive their income from interest-bearing instruments in accordance with Section 100(2) of the Act. The yield is a current yield and is calculated daily. Different classes of units apply to these portfolios and are subject to different fees and charges. Boutique Collective Investments (RF) (Pty) Ltd is a member of the Association for Savings & Investment SA (ASISA).
